### **Grande Prairie Sirens take Bronze in Edmonton**

There is an incredible amount of news from the Grande Prairie Rugby Club. This past weekend saw the Sirens take on the Edmonton Rockers Rugby Club in a bronze medal game in Alberta Women's Second Division game. The Sirens were too much for the hometown Rockers and the Sirens rolled over them 45-15.

*"This is the first hardware that our women's team has ever brought home, but in looking around, and seeing so many young players, you know this won't be the last."* Fili Fai, Sirens Head Coach

### **Grande Prairie Club Member awarded prestigious honour**

Club member Lloyd Piehl was recently recognized for his actions saving a Calgary family. He stepped in the middle of a domestic dispute that Calgary Police Service Officers felt was about to take a tragic turn. For putting himself in harm's way, but saving a mother and her family, he was awarded the 'Chief's Award of Exceptional Service' awarded annually to 10 people. This is the highest honour that the Calgary Police Service can bestow upon a civilian.

*"I am very glad that I was in the right place at the right time. This an incredible honour but the real award is knowing there is a young mother out there, alive, with her family and I hope, living her life to the fullest."* Lloyd Piehl
